# ProBASE®

The UK's No 1 Eco Shed Base Solution

ProBase is designed to sit on top of a level and compacted Sub Base

## SUB BASE OPTIONS

### 1 SUB BASE MADE FROM COMPACTED EARTH

A cost-effective and solid foundation using well-compacted natural soil.

### 2 SUB BASE MADE FROM BUILDERS SAND

Provides a smooth, level and stable base for your shed.

### 3 SUB BASE MADE FROM PEA GRAVEL

A great draining option that helps prevent water build-up.

### 4 FOR HEAVY BUILDINGS, FILL WITH 10MM ROUND PEA GRAVEL

Ideal for heavier buildings that require extra stability and load support.

A level and well-compacted sub base is essential for the performance and longevity of your ProBase shed base.
